## CLAIMS

1. A wire guide, comprising:

an elongate member having a first portion with a first diameter and a second portion with a second diameter smaller than the first diameter, the elongate member defining a loop; and

a closure member closing the loop.

- 2. The wire guide of claim 1, further comprising a covering positioned over at least part of the first portion and the closure member.
- 3. The wire guide of claim 1, wherein the second portion defines the loop.
- 4. The wire guide of claim 1, wherein the second portion defines only a portion of the loop.
- 5. The wire guide of claim 1, wherein the loop has a loop width that is greater than the first diameter.
- 6. The wire guide of claim 1, wherein the elongate member has an intermediate portion between the first portion and the second portion; and wherein the intermediate portion defines a taper from the first diameter to the second diameter.
- 7. The wire guide of claim 6, wherein the elongate member has a distal end; and wherein the loop places the distal end adjacent the intermediate portion.
- 8. The wire guide of claim 1, wherein the elongate member has a distal end; and wherein the loop places the distal end adjacent the second portion.

- 9. The wire guide of claim 1, wherein the second portion defines a portion of the loop.
- 10. The wire guide of claim 1, wherein the closure member comprises a cannula.
- 11. The wire guide of claim 1, wherein the closure member comprises a bond.
- 12. The wire guide of claim 11, wherein the bond comprises a solder bond.
- 13. The wire guide of claim 11, wherein the bond comprises a welded bond.
- 14. The wire guide of claim 11, wherein the bond comprise a molded bond.
- 15. The wire guide of claim 11, wherein the bond comprises an adhesive bond.
  - 16. The wire guide of claim 11, wherein the bond comprises a coil.
- 17. The wire guide of claim 11, wherein the bond is formed using laser cutting techniques.
- 18. The wire guide of claim 1, further comprising a covering on a portion of the elongate member.
- 19. The wire guide of claim 1, further comprising a radiopaque marker on the elongate member.
- 20. The wire guide of claim 1, further comprising a radiopaque marker on the closure member.
